VOLUME NUMBER 97 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY DECEMBER 13, 1956 — NUMBER 37

Designer and builder of the Bethel A. M. E. Church, Cameron. Ada Ware Nelson, an avid Bible student and retired school teacher, with 30 of her teaching years in Milam County has won first prize in the Christmas parade here for the fifth successive year.

Originality, Theme, Beauty and Decorum were the points in mind as the designer prepared this year's float above.

Floats of former years included one of The Holy Family; A Lion and Lamb Shall Lie Down Together and a Little Child Shall Lead Them."

The beast of burden in the above picture is a taxidermists model of an animal bought in Mexico.

March Of Dimes Starts Jan. 2

Max McClaren of Cameron will serve as chairman of the 1957 Milam County March of Dimes Campaign according to Bill Elmendorff, district director, of Austin.

Milam collections in the drive last year amounted to $9,600. Plans are now underway according to McClaren to start the drive January 2. As explained by the local chairman, the March of Dimes drive is not included in the United Fund because the National Foundation for Infantile Paralysis has found it more advantageous to have the polio drive separate.

A number of civic clubs and other organizations throughout the county have already consented to take active parts in the drive. Basketball games have been planned to raise the money as has also entering into the work of raising money in the drive this year.

Tentative plans are for the youths to take over the city government on Saturday, January 5. Other activities of this group will be the selling of peanuts at the January 8 basketball games here when the Yoemen face the Stephenville cagers. Make McDermott, Jr., son of Mr. and Mrs. Make McDermott, will serve the teenagers as city co-chairman with Miss Kay Camp, daughter of Mr and Mrs. Emory Camp, Sr.

Milam County Chairman McClaren served as chairman of the drive in 1951 and announces that this year W. T. Pearson will serve as city chairman of the Rockdale area. Other communities will have directors and their names will be available for the press upon confirmation, McClaren said.

Cotton, Peanut Marketing Quotas Carry In Milam By Large Margin

Cotton and peanut marketing quotas were both favored in Milam County in a light vote but on a percentage basis by an overwhelming approval Tuesday.

For cotton marketing quotas, 313 voted for and 46 against. For Peanut marketing quotas, 61 were for and three against.

By the box Briary voted on cotton 52 for, three against; Ben Arnold 30 for and 11 against; Mays field 35 for, three against; Milano 12 for, none against; Rockdale, 1 for, none against; Thorndale, 6 for, with four against; Buckholts 22 for, one against; Cameron 29 for and seven against; Sharp 16 for, four against and Cameron 59 for, 15 against.

By the box on the peanut referendum Maysfield voted 12 for, none against; Thorndale 10 for, and none against; Milano eight for, none against; Rockdale nine for and two against.

Judges in Briary were Alfred Kohring, J. D. Crook and J. B. Allen; Ben Arnold Will Stoebner, Albert Dorner and William Crenan; Milano, Hugh Wimberley, Henry Woods and Clarence Davenport; Rockdale, A. L. Lucas, Fritz Doss and J. L. DeVere; Thorndale, Ed Moerbe, Gus Schramm and O. P. Organ; Sharp Clifford Walker, E. L. Modesette and Sam Graham; Buckholts, Ernest Fischer, Louis Abel and E. J. Kuzel; Cameron F. W. Vogelsang, Frank Tomek and Lawrence McClaren; Maysfield E. B. Yager, Willis Looney and Milton Weems.

Rainbow Girls Providing Gifts

Each member of the Cameron Assembly L. T. Order of Rainbow for Girls has been requested to take either a new or used toy for needy children along with the Christmas gifts they will exchange among themselves at their call meeting at 7:30 p.m. Tuesday, December 18. The meeting will be at the Masonic Hall.

This call meeting was scheduled at a regular business meeting held last Monday night. The Tuesday meeting will include initiations and the annual Christmas party on its agenda.

Miss Nita Archer, worthy advisor, and Mrs. Virginia Sanders, mother advisor, announced that a cordial welcome will be extended to all members of the Masons and of the Eastern Star at the party.

There will be a social hour following the meeting.

Toys donated by the group will be turned over to Santa Pals for any needed repairs, painting and distribution.

Mr. and Mrs. B. J. Matocha visited in the home of their son, Al Matocha, in Temple Sunday.

ALCOA Scholarship Qualifiers Include Two Yoe High Students

Carol Ann Sanders and Anita Trdy of Yoe High School became the first Cameron students eligible for application to receive the annual $2,000 Aluminum Company of America Scholarship Foundation which was organized in 1953.

Screening of 14 of the 15 applicants with Hinton H. Pruett, Milam superintendent of schools as chairman, was begun Monday night. Each applicant will go, all expenses paid, to Austin on January 12 for College entrance examination after which time each will again be interviewed, Pruett explained. He said also that the highest scholastic is not necessarily the one chosen as scholastics is only a part of the consideration.

Members of the selection committee are Hinton Pruett, chairman; Wiley Loughmiller, Cameron superintendent of schools; J. M. Moorman, Rockdale superintendent of schools, and A. P. Klenschmidt, Lexington superintendent of schools. Pruett explained that the selection is left to a majority of the committee and that he has no voice in the final vote.

Forty scholarships were awarded by the foundation in 1954 throughout each of the installations of the company and approximately that number have been awarded each year since that time.

Winners of the three previous awards in Milam County are Monte Lee Hyder, son of Frank K. Hyder of Rockdale in '54; Vernell Frosch of Lexington was the '55 winner and Jerald Deene Wise, son of Ruban D. Wise of Milano was last year's winner.

Applicants this year include six from Rockdale: Joann Blackmon, Kirby Dan Jenkins, William Leo Murray, Sarah Todd, Levada June Wenzel and Mary Frances Williams. From Lexington are Laverne Ray Hoskins and Ronald Pat Skaggs. From Cameron Carol Ann Sanders, daughter of Mrs. Virginia L. Sanders, a clerk in cost accounting at Alcoa, and Anita Louise Trdy, daughter of Louis J. Trdy, furnace operator with the firm.

Other applicants from towns with only one include Arris Dale Calhoun of Somerville, Billie Hope Dismukes of Caldwell, Howard S. Drummond of Thorndale, Daniel Kubiak of Marlin and Billie Jean Williams of Milano.

Horstmann Bros. Ad, Make - Up Show Big Errors

Excitement of forthcoming holidays, the School Carnival and the Christmas parade either had the Herald staff in a dither or else little elves were dropping into the shop after hours and playing havoc with the make-up of this week's issue.

An eight pound regular washer in Horstmann Brothers advertisement appears in this issue at a price of $9 when same should be $99. The same error also got by unnoticed in circulars prepared for the business and now being distributed. This mistake may have been the work of the little elves wanting to aid overworked housewives in Milam County but may have been an oversight of one of the Herald proofreaders.

Readers may also get the idea they are having trouble with their spectacles when they read the "Courthouse News." Inserted in the beginning of this item is a feature story on Mrs. John Bryson's handling of an emergency in her home during a fire recently.

O. J. Thomas U. F. Report Complete

Reporting 100 percent within 24 hours in the United Fund campaign at O. J. Thomas School was H. K. Harnsberry, principal.

Proud of the fact that eleven of his teachers gave in cash the equivalent of a day's pay. Harnsberry asked that his special appreciation be noted to those eleven who gave a total of $173.52. (His own pledge is included).

Those who gave or pledged a day's pay at O. J. Thomas were Emeola Greer, Hazel Burks, M. L. Wilhite, Julia W. Hodges, Courtney Nelson, D. S. Poole, J. W. Brown, John Henry Dary, Austin Banks, Tommie C. Canady and Rev. T. L. Ward.

The remainder of the staff contributed a total of $110 for a grand total of $283.52 Harnsberry said.

Jaycees Busy Mending Toys, Spreading Christmas Joy

Cameron Jaycees are bent on a "do it youself" Christmas by repairing toys for under-privileged youngsters of this part of the county instead of spending money on encouraging the lighting of homes throughout Cameron.

In the past the Junior Chamber of Commerce has given prizes totaling $50 for the best lighted homes during the Yule season but decided this week to defer this tradition in the interest of the toyless boys and girls and to do it on a "do it youself" basis.

Thoughtful folks of Cameron and neighboring communities are catching the spirit of the new move by the Jaycees and are bringing in the cast-off toys around their homes, even parts of toys that can be repaired, repainted and patched to make some youngster happy at Christmas time.

Barrels have been placed on the streets of Cameron to make it easy for people to get their donations of toys to the Jaycees and those others of the community who have graciously agreed to pitch in and help in the rejuvenating of the toys.

All who desire are meeting at the headquarters nightly, down at the Humble Bulk station on the old Temple Highway, Batte Street, at the Southern Pacific tracks. These men who have been doing the work are getting an extra supply of the Christmas spirit early and the Jaycees are spending their money on such supplies as paint, nails, screws, lumber and all the things that go into repairing toys.

The toy repairing, say officials of the club, is open to anyone who desires to help and they stress that they are only endeavoring to lead the way in the effort, by contributing either toys or help or supplies.

Cameron Teachers Giving Generously

Teachers in the Cameron Public Schools have already contributed $623.12 to the United Fund which has already been deposited in the bank while another $200 in pledges is forthcoming.

This announcement was made by Wiley Loughmiller, superintendent of the schools which include Yoe High, Ben Milam, Ada Henderson and O. J. Thomas.

FB Members Cancel Set Meeting

Regular monthly meeting of members of the Milam County Farm Bureau will not be held during December according to an announcement by bureau officials last Monday, December 10.

Scheduled for December 20, the meeting has been cancelled because of the holidays.

American History Award Will Be Given Milam County Student

A Milam county student writing the most outstanding essay on American history will be awarded five dollars by the Sarah McCalla chapter, Daughters of the American Revolution, according to Mrs. Henry Hefley, chapter regent.

Plans for the award were made at the December meeting of the group last Thursday. The meeting was held at the home of Mrs. John Henderson.

Following committee reports, Mrs. W. G. Gillis read the president general's message. Mrs. G. A. McDermott gave a national defense talk.

A gift to the Tamassee School in South Carolina has been sent in honor of the late Mrs. B. J. Baskin.

Mrs. H. T. Coulter, Miss Aetna Smith, and Mrs. G. C. Freeman will head a committee to send a gift box to a student at the Bacone School for Indians in Oklahoma.

A Christmas program, "Bird's Christmas Carol" was given by Mrs. Eber Flinn.

Special guests included Mrs. Roy Baskin, Mrs. G. B. Jerness, Mrs. Pearl Graves and Mrs. Maude Neely of Calvert.

Refreshments were served by the hostess following the program.

Bernice Ann Caywood Receives $45,000 Settlement Tuesday

Settlement of a suit for total damages of $181,680 in Judge O. D. Graham's 20th District Court came Tuesday at 10 a.m. as attorneys agreed on a settlement for $45,000 in favor of six-year-old Bernice Ann Caywood of Rockdale.

Plaintiff was the Rockdale orphan and others against the Pure Milk Company and its truck driver, A. J. Cloer, of Waco alleging that on the morning of April 19, 1956, at 7 a.m. the truck driver failed to keep the truck he was driving under proper control and was traveling at a fast and unreasonable rate of speed under the circumstances.

Attorneys Camp and Camp also alleged that the company was negligent in not inspecting its truck and knowing that the latch on the hood was broken and for allowing the truck to be operated on a public highway without the hood being firmly latched or tied so that it could not fly up.

The collision mid-way of the Little River span 1 mile east of Cameron was said and agreed upon by all parties to have occurred after the hood of the truck flew up and against the windshield of the truck and resulted in the truck being driven into the path of the oncoming Caywood station wagon. The nature of the bridge forbade any escape route for the passenger vehicle.

Members of the Caywood family who perished as a result of the collision were Mrs. Doris Caywood and her husband, James M., and two sons, Jimmy and Bobby.

Attending the trial were the four grandparents of the six year old plaintiff along with little Bernice Ann.

Counsel for the plaintiff was the firm of Camp and Camp, Attorneys, and for the defense was John B. Daniels, Jr., of Temple and Carlton J. Smith of Waco.

Jurors selected at about 3:30 p.m. on Monday were recessed until 9 a.m. Tuesday at which time testimony was to begin but failed to get underway until 10 a.m. Tuesday when the settlement was reached by the attorneys.

Damages were listed at $69,408 for actual damages, $60,000 exemplary and $52,272 for loss of care, advice, guidance and counsel of the child's parents.

The jury was composed of W. B. Bailey, Edwin Adams, J. M. Clark, L. G. Gifford, Reese Ashley, James Krenek, Edwin G. Ludecke, Ira L. Burns, Hugo Krenek M. C. Wise, Curtis Caffey and G. T. Woods. The jury was chosen from a panel of 74 persons.

The Wee Hours

By Your Police Reporter

A volunteer fireman, the night chief of police and a Cameron automobile agency operator were enjoying their coffee as they sat in shirt sleeves and complained of hot weather last Friday night following the Christmas parade.

However, they were cooled off somewhat as another party entered and described the flurries of snow he had seen falling in Waco during that city's parade that afternoon over television.

United Fund Campaign Has High Hopes Of Top Success

Spirits of United Fund "door to door salesmen" were high Monday night when the volunteer team captains and workers met at Yoe High.

Drayton McLane expressed high hope that the ultimate goal of the campaign will be met reporting that the special gifts committee has already accounted for about $3,000 and that $2,000 more is in the offing for that committee.

One of the team captains said some of the workers contacted and who had agreed to aid in the solicitation during the current drive had never before worked in civic drives in Cameron but had lived here a long, long time. This was to underscore the larger appeal of collecting the United way.

Bob Nelson noted that he had been out in the county during the past week and from indications the people outside of Cameron are going to put the Cameron solicitors "on the spot" to beat them (percentage-wise).

Chairman of the door to door campaign, Drayton McLane, noted an instance where one firm solicited its own employes both in 1955 and again this year and found that, while the returns from that firm is still incomplete that the $40 pledged last year has been more than tripled and that $136 has already been pledged by those employees contacted.

Team captains who have been chosen to pick their own workers and lead the drive in seven sections of the city are Rev. John Solomon, Mrs. W. A. L. Robinson, Mrs. O. B. Harden, Ed Laywell, Jimmy Asher, Mrs. J. A. Bowling and Wiley Loughmiller.

McLane explained that any who are not called on or are missed during the house to house drive may get their pledge in by calling the Chamber of Commerce at 101 or Hilliard Thomas at 183. Anyone desiring to raise their pledge may also call these numbers he said.

House to house campaigning was scheduled to get underway Tuesday night and expected to end Friday night but, according to Chairman McLane will continue until all reports are in showing as near 100 per cent contacts as possible.

There is to be a campaign among the teachers of all schools.

Christmas Stories Highlight Party

Christmas stories, gift exchanges were highlights of the First Baptist Willing Worker's Sunday School Party held Tuesday afternoon, December 11, in the home of the class teacher, Mrs. F. H. Scarborough.

The Christmas story, as given by Luke was the devotional theme presented by the teacher.

Barbara Jo Young, class president, told of a Christmas miracle long ago.

Members presented their teacher a gift, wrapped a gift for a shut-in, and exchanged gifts.

Punch, sandwiches and cookies were served to those present.

Naval Aviation history at sea was made over 34 years ago when a Naval Aviator first flew an airplane off the deck of an aircraft carrier.

Carnival, Parade Attracts Thousands

New and long time residents of Cameron readily agree that the crowds turning out last week for the School Carnival on Thursday night and the Christmas parade on Friday afternoon were the largest ever before seen in the city.

With each class in the Yoe High School and Ben Milam and Ada Henderson Schools performing plays and presenting booths and games at the carnival, the schools netted close to $1 400 from the Thursday night activities. These funds go into the general activities fund and free lunch program. All school administrative officials expressed deep admiration to parents and friends of the students, who turned out for the carnival and contributed toward the success of the carnival.

Pictures of carnival activities are shown elsewhere in this issue. Pictures of class queens and their escorts other than Miss Rita Moraw will appear in the Christmas issue next week. and chosen queens of the various classes are shown elsewhere in The Herald.

Thousands of these same persons and many others again turned out the following day to witness the Christmas parade, shop in gaily decorated Cameron stores and participate in the welcoming of Ole Saint Nick to Cameron and Milam County.

Monetary awards were given during the afternoon to Mrs. Stel-Melvin Provasek of 1604 North Travis Street in Cameron. Each of the awards amounted to $50.

Mrs. McCall declared she "hadn't made up my mind whether I'd have a good Christmas until now." Batla announced he could make use of the money and further added he had been shopping in Cameron for the last 45 years. Mrs. Dixon was planning to use her award to purchase gifts for members of her family while Melvin Provasek, Jr., was more excited over his mother's award than she herself. When her name was announced, he was standing near the announcer and broke through the crowd of hundreds in a mad dash announcing, "I'll get her!"

Assisting Cameron Chamber of Commerce officials in the handling of the awards were Stanley Boyd and Marsha Lynn Petruy.

One For All...

It's "All for one and one for all" in North Milam County in 1957. This old adage is taking on a new meaning this December.

For the first time all of the people in this portion of the county will join forces to carry their common cause, the United Fund, to a victory unprecedented in Milam County history.

Milam County is noted for its friendly people from this time on it is hoped that they will be remembered not only as the most friendly, but also as the most humane and generous.

To establish the nine organizations, each vitally important to the well-being of our citizens, on a sound financial basis, it has been estimated that it will be necessary for each citizen to donate one day's pay only.

In the past years it has taken nine drives to accumulate enough money for the nine participating organizations to exist and carry on their worth-while work; this year you will be asked to give only once.

Entire budget for the United Fund is $13,634, with a specified portion of this amount allocated to each organization.

Future success of the Boy Scouts, the Girl Scouts, the Salvation Army, the Red Cross, the Heart Fund, the Cancer Fund, the Library Fund and Local Charities, depends upon you, the people of North Milam County.

Consider them and how necessary each one of them is to your family and your community. Support them, with your heart, your prayers and your financial assistance.

It's "all for one and one for all" — you, the people of North Milam County, for one drive, the UNITED FUND. Give generously. (contributed.)

Job Well Done....

Cameron Christmas parade shows the effects of what can happen when citizens of a city believe in a project and work together toward fulfilling the ends for which such projects lead. It was a great day for all because no matter the age of an individual, one is always a child at heart when it comes to enjoying the spirit of Christmas.

Thus to those entering floats in the parade, doing basic work in preparing the parade and the entire day, the 40 merchants giving tickets to their customers, police handling the greatest traffic problem within the city for 1956 and to each and everyone visiting Cameron for the day, we congratulate and again say, "A JOB WELL DONE."

Housing Units Due Occupancy Near Mid 1957

Plans and specifications should be ready for contractors to bid on construction of the 36 white units and 12 non-white units under the National Housing Authority this week according to Narvie Caperton, chairman of the Cameron Housing Authority.

Construction should be underway early in 1957, possibly January, said Caperton and the chairman emphasized that he would personally like to see as many local contractors as possible place bids on the work.

Applications for residence in the low cost units will be accepted approximately sixty days before they are ready for occupancy.

Some minute changes had to be made in the plans and specifications last week the Fort Worth architect on the Cameron project told Caperton.

....'Till Well Is Dry

WATER IS ROTARY SUBJECT

Reparian Rights Follow Drought As Problem

Rotarians were reminded by County Judge Charlie Smith at their Wednesday noon meeting, December 5, that the problem dealing with the use of normal water supply may be quite as real a problem as water shortage

The Elm Creek Watershed got it's original impetus, the judge said, when two Bell County landowners dammed up the main stream of the Elm and completely stopped the flow.

Never Miss Water

These farmers, he said, found out quickly that while water use is a personal problem that it involves the rights of many people. The people along that stream were "galvanized" into spontaneous action when their stream stopped flowing the speaker said with an apparent reference to the adage "People never miss the water until the well (stream) runs dry." Sooner or later, the speaker averred, they'll have an argument about it.

Many of the farmers try to find out their rights and are merely given a voluminous book of laws and when they become thoroughly bewildered with it they throw it down and figure they'll use all the water they want or can get out of the stream until somebody does somthing about it.

Brazos River Authority

Brazos River Authority was formed 23 years ago by the legislature to work out a feasible way to conserve waters of that great watershed. The dam at Belton is one result, Smith said.

Now the Brazos River Authority is in conflict with the Corps of Army Engineers over a plan for building a series of small dams in such way they can be used for hydro-electric generation. The power, it is planned, will be sold to the distribution companies and then at stated intervals the power will be bought back from the companies to pump the water back into the reservoir and be useable for manufacture of further power (sort of a perpetual motion deal), Smith said. The BRA disagrees with the feasibility of the plan and I am inclined to agree with the authority, the judge said.

Construction of Dams

Construction of the dams on the conservation and improvement basis as employed in the Elm and Brushy Creek projects will benefit Milam County, more than Bell and McLennon Counties where the majority of the structures will be built on the Elm and on the upper reaches of the Brushy Creek in Williamson County. There will be 35 structures on the Brushy, mostly in Williamson, and 50 to 75 on the Elm.

The Brushy project was originally laid out to cost something like four to five million dollars to the counties involved but with the work of Congressman Bob Poage the job will now be done by the Federal Government and cost the people in the watershed only $150,000. There will be two structures in the vicinity of Thorndale, he added.

There are about 48,000 acres in the Little River flood plain that can be irrigated profitably, the judge said, and while that plain used to be plagued with flood it is now confronted with drought and while the first is temporary, the latter is not and it need not be said that we are in great need of doing something permanent about the problem.

Fat and Lean Years

There have always been the so-called fat and lean years and cyclical changes, the speaker noted, but on this problem of water control and conservation of both land and water we have to crawl before we can walk and while we are in the crawling stage the progress is steady, Smith averred.

Reference was made to the silting problem of Lake Waco and how the people of that area are now very busy considering it from all angles.

The speaker left his hearers with the definite impression that water and water rights are over shadowed by prolonged drought conditions and that now is the time for all to become aware of the problem, what is being done, what is to be done and where the solution lies.

Visitors at the Wednesday meeting were Bill Herndon, of Austin, a visitor of Hinton Pruett, county superintendent of schools and Marshal Croft of the Rockdale Chamber of Commerce.

The program was planned by Dr. C. G. Swift.

Milam County Cotton Allotments Total 54,718 Acres During 1957

Cotton allotment for Milam County in 1957 totals 54,718 acres according to an announcement released during the last week by the county committee of Agricultural Stabilization and Conservation.

This allotment is 553 acres less than the 1956 allotment or a reduction of one percent.

Under the allotment for 1957, those farms that planted less than four acres in 1956 are receiving an allotment for next year equal to the highest planted acreage in the base years of 1954, 1955 and 1956. There are 50 farms in this group. All of these will receive a total of 132 acres in the county allotment.

Those farms that planted four acres or more during the three base years will receive a total of 54,451.6 acres of land. There are 1,548 Milam County Farms in this group.

There is a total of 134.4 acres not allotted thus far in the 1957 quota to either of these two groups of farms. From this acreage, 100 will be used for allotments to new growers while the other 34.4 acres is in a reserve for corrections and possible errows in previous allotments.

'56 Tax Forms Get Minor Changes

Federal income tax forms for the preparation of 1956 returns are available in reasonable quantities to accountants, attorneys and other professional personnel who need advance copies, R. L. Phinney, District Director of the Austin office of the Internal Revenue Service, said today. A few advance sample copies for study are available now.

Individual taxpayers on record will receive their forms and instruction booklets through the mails on the same schedule as last year, during late December or early January, Mr. Phinney said.

There are very few changes in the form other than minor revisions for clarity and simplification. The instruction booklet which accompanies it has been changed, however, to provide a line-by-line series of explanations, keyed to the arrangement of the form and its sequence of entries.

Yule Collections By Methodists Helps Waco Home

With December established as "Methodist Home Month" in Texas and New Mexico, Methodists are busy raising the $500,000 goal for Methodist Home at Waco. Christmas offerings for the Home are being taken at all Methodist churches in the 2-state area. The much needed funds will be used for current operating expenses and continuation of the Home's widely-known child service program.

Superintendent Hubert Johnson said that he was confident the people would continue lending "the vital assistance needed for continued success of this ministry of service for the homeless children in Texas and New Mexico."

Methodist Home, founded in 1890 by Bishop Joseph S. Key, is owned and operated by the Methodist Church, however, it serves children of all denominations. 7,500 children have been rehabilitated.

The Home, now carrying its famous "Heart of Methodism" slogan, currently provides food, clothing, shelter and education for more than 400 children who have no outside benefits.

Ladies Raise Hob

U. S. Navy has a new apparatus for keeping track of such "wicked ladies" as CONNIE, DIANE, HAZEL and other hurricanes who have been raising hob on the East Coast in recent years.

It is a SKHOCK plastic balloon dubbed the HURRICOON which is equipped with a camera. From an altitude of about 80,000 feet it will make a continuing picture story of the hurricane.

When the highest section of steel is placed on a large building during construction, the American flag is displayed.

Farm Tax Guides Ready At Office Of County Agent

Farmers who are confronted with problems growing out of the new social security phases of their federal income tax returns, as well as with other points in their tax determinations, will get a big assist from the new 1956 edition of the Farmers' Tax Guide.

The 64-page booklet has been brought up to date by the national office of the tax collection agency with the aid of revenue agents in farm areas, the federal extension service of the Department of Agriculture, and the state extension services of the federal land grant colleges.

The new guide is available at the county agent's office in Cameron.

Air Mail Suggested On Yule Cards, Gifts

Postmaster John R. Hays expressed his thanks today for your cooperation so far on his annual "Mail Early For Christmas" Campaign. He said, "I know the time has passed to talk about mailing early." To the last minute mailers he suggests that you use Air Mail for every Christmas card or gift going out-of-town, and don't fail to get them into the mail right now! Even a few hours delay at this critical time may mean disappointment for friends or loved ones on Christmas Day.

The flood of outgoing Christmas cards and gifts is matched by a torrent of incoming mail that is becoming greater every day. Hays expects the Christmas mail load to hit its peak in the next few days, and that it undoubtedly will break last year's records.

To take care of the last minute rush, the Post Office will remain open from 8 a.m. until 6 p.m., and Saturdays, 15th and 22 from 8 a.m. to 4:30 p.m. Stepped up delivery service will be added to regular schedules. The Postmaster said there's still time for local deliveries, but all Christmas cards should be sent by First-Class mail, and be sure to include your return address on all Christmas card envelopes and package labels.

Early W-2 Forms Is Good Policy

District Director of Internal Revenue R. L. Phinney in Austin is asking for the co-operation of Cameron and Milam County employers in the early distribution of withholding tax statements, Form W-2, to their employees.

There forms must be issued by January 31, 1957, and penalties are provided for employers who fail to distribute them on time.

Director Phinney explained that the Form W-2 is a necessary part in the filing of a Federal income tax return by an employee. Taxpayers who have these forms at an early date will be able to file their returns well before the deadline of April 15. Returns resulting in refunds will receive special handling to expedite the refunds.

Blank Forms W-2 are available at the Internal Revenue District Office located at 314 West 11th Street, Austin, Texas. The form is to be made out in quadruplicate, listing the wages paid to the employee during 1956 and the amount of income tax withheld from his wages. Employers are reminded that they must issue a Form W-2 to each employee whose income was subject to withholding and also to any employee who would have been subject to withholding if he had only one exemption.

Ideal Weather For Farm Work; Grains Suffer

Weather was ideal for farm and ranch work within Milam County during the week ending December 7 according to J. D. Moore, agricultural agent for the County.

Moore further stated that soil moisture is sufficient for winter plowing but added, "Small grain and clover is in critical need of rain." Some oats and clover are dying as a result of dry weather. However, cloudy weather plus moist air has helped the small grain and clover.

General condition of stock, feed and pastures, stock water and other livestock elements were described by Moore as "Very critical." The emergency feed program ran out on December 3 and there has been no official notice of renewal of the program at the present time.

Applications for grain during the week totaled 40 and were for 219,000 pounds of grain. There were also 18 applications for hay approved. These hay applications were for 57 tons.

China adopted tea drinking because the water was impure.

The Rock of Gibraltar is about 250 feet taller than the Empire State Building.

Reportable Diseases Listed By Dr. Bryson

Twelve cases of reportable diseases in Milam County were listed by the County Health Unit for the week ending Saturday, December 8.

According to Dr. John B. Bryson, director of the unit, these diseases were three of whooping cough, one of gonorrhea and eight of strept. throat.

The knot, or sea-mile, is about one and one-sixth land miles.

The discovery of dynamite enabled Nobel to endow the famous Nobel prize.

Billie Nell Johnson To Sing In Concert

Billie Nell Johnson, Southwestern University sophomore and daughter of Mr. and Mrs. Andy Tillman Johnson of Cameron, will sing first alto in a concert by the Southwestern University Choir in San Antonio at Jefferson Methodist Church. The concert will be held on Wednesday, December 12.

John D. Richards is director of the 40-member choral group and is also dean of the University's School of Fine Arts.

Montgomery, Alabama was the first capital of the Southern Confederacy.

Maritime Experiment

U. S. Navy and the Maritime Administration are conduction experiments to increase speed of Navy ships, particularly in heavy seas.

Many new scientific instruments have been designed to assist in this project such as "sea meters" which measue the height and length of waves with hydrostatic tubes.

Mars Flying Boats

During the ten years of active service, the Navy's four huge Mars flying boats — HAWAII, PHILIPPINE, MARIANAS and

Operation Stratolab

Two Navy scientists have travelled by balloon to a height of 40,000 feet in an open fiberglass gondola, about the size of an oversized bathtub.

Known as "Operation Stratolab", the experiments are being conducted for high altitude research.

In a yeart that amounts to over engers and more than 20,000 tons of high priority cargo without a single mishap.

While supplying the Pacific Fleet they traveled a distance equivalent to 23 round trips to the moon.

Antarctic Pictures

Unitl just a little more than a year ago, more than three-fourths of the Antarctic had never been seen by human eyes. Now, Navy photographers have taken pictures if one-third of this unknown area.

This frontier was penetrated by a handful of pilots and air crewmen in four aircraft who in one month explored more of the Antarctic than all previous expeditions combined.

Korean Vet Students May Get Pay Before Holidays

Veterans in school under the Korean GI Bill most likely will get their monthly GI allowance before the Christmas vacation, Dr. George T. McMahan, manager of the Veterans Administration Center in Waco, said today.

Veterans and their schools can cooperate in this effort by getting monthly certifications of training status to VA promptly after the end of November.

"There may be exceptional cases in which it may not be possible to make the payments ahead of time," Dr. McMahan said. "but in most cases veterans will receive their checks before going home for Christmas.

Regulus Has Delivery Range

NEW IDEA FOR YOUR HAPPY HOLIDAYS!

- 1 #2½ can (29 ounces) fruit cocktail
- 1 envelope Knox Gelatine
- 1½ cups commercially prepared eggnog
- ½ teaspoon salt
- 1½ teaspoons vanilla
- ¼ teaspoon almond flavoring
- 1 cup whipping cream
- 1 9-inch baked pie shell (directions on Betty Crocker* Homogenized Pie Crust Mix package)

Drain fruit cocktail thoroughly; measure ½ cup of the syrup. Stir gelatine into syrup; place over boiling water and stir until gelatine is dissolved. Remove from heat; stir into eggnog. Add salt and flavorings. Chill until mixture mounds when dropped from a spoon. Whip cream; fold into gelatine mixture along with 1½ cups well drained fruit cocktail. Chill again 5 to 10 minutes, until mixture mounds. Heap into baked and cooled pastry shell. Chill 2 to 4 hours. Decorate with remaining fruit cocktail. Makes one 9-inch pie.

Courthouse News

A Cameron lady could qualify for the nomination of fire chief easily any time that position became elective.

Mrs. John Bryson recently managed to keep a fire to a mere incident in her home at 807 E. 7th Street...a fire which could easily have enveloped her home and its fine furnishings in flames if she had not shown such competency in handling the matter.

Fire was started when a curtain caught from a small electric heater in the corner of a small study where she was keeping her big boxer dog temporarily.

She went into action on the first smell of smoke. She sent the children to the neighbors house, let the dog out of the smoke filled room. She first tried smothering the fire with some old drapes that were a bed for the dog but they immediately went up in flames. With this turn, she closed the door, turned on the water in the kitchen sink and slammed a few of the seven doors before picking up the phone.

Melvin Dorner, hearing the first rise of the siren, went into action in his emergency vehicle and was first on the scene. The night latch was on and when Mrs. Bryson let him in she ordered him to get a pan of water from the kitchen while she "Stood guard" over the door to the den and kept all doors in the house closed. As other volunteers arrived, none were allowed to do any "sightseeing" in the smoke filled room but their pass was a pan of water which was thrown in the general direction of the fire which could not be exactly located for the smoke.

When the fire equipment arrived it was like "snuffing a match" to raise the widow and with the pressure of the water from the hose directly on the fire it was out in seconds.

Dr. Bryson was attending a National Guard meeting in Bryan at the time. His intrepid wife had not only saved the home but had cleaned it up before he returned.

Mrs. Bryson feared her boxer dog had been lost in the shuffle and at one time had left the house momentarily to see if she could determine its whereabouts. During the calm after the storm she found the dog far back under a bed in the back bedroom.

Pretty Martha Hyer of Universal-International Pictures trims the tree with The Present With a Future.

USS Ranger Launched

The eighth Navy ship bearing the name RANGER has been launched, incorporating the latest improvements in aircraft carrier design such as the new mirrow-landing system which enables pilots to land without need for a Landing Signal Officer.

The Navy's first RANGER, under the command of John Paul Jones, received the first salute ever to be rendered the American flag by a foreign power.

SINS Interpretation

SINS may be interpreted one way by a landlubber, but aboard one of the Navy's newest ships it will be interpreted as "Ships Inertial Navigation System."

"This system is said to be able to give the exact position of a ship at any time without benefit of stars or radar, and is being installed in the USS COMPASS ISLAND.

Mr. and Mrs. Jake Futschik and family spent the Thansgiving weekend visiting in San Antonio with M-Sgt. and Mrs. A. F. Futschik and Mr. and Mrs. Arthur Van Overburg and family.

Mrs. Aleta Marek of Burlington and her brother, Grover Albert, Sr. of Rosebud, attended the funeral of their uncle, W. C. Thieleman of Welcome, at Welcome on Wednesday.

Mr. and Mrs. Hugh Davenport were in Marlin Thursday. They were accompanied to Marlin by Hugh's mother, Mrs. Davenport of Rosebud, who remained in Marlin for a longer visit.

Mr. and Mrs. Hugh Davenport left for Corpus Christi Friday for a visit with their son, J. B. and wife, for the weekend.

Mr. and Mrs. Terrel Prescott and sons, J. T., Jr., and Billie Jeff, visited Terrel's sister and husband, Mr. and Mrs. Jack Westbrook in Waco, on Thanksgiving November 29.

The Burlington Baptist Church W.M.U. members met Thursday, December 6, at the Church for an all-day service and luncheon in observance of the Lottie Moon Mission week of Prayer. The program theme was "Hallowed Be Thy Name."

Devotionals were given by two of the members. Those participating on the program were Mrs. J. J. Foshea, Mrs. Henry Davenport, Sr., Mrs. Herman Schulz, Mrs. Bill Matyastic, Mrs. Floyd Swanzy, Mrs. Gerald Foshea, Mrs F. J. Rogers, Mrs. George Logan, Mrs. Wesley Davenport, Mrs. Arthur Davenport, Mrs. Pete Benesh Mrs. Ollie Mode and Mrs. Hugh Davenport.

After the program, Thursday, a miscellaneous shower was given for Mrs. Bill Matyastic. Cake, coffee and cold drinks were served. Quite a few also attended the drawing in Rosebud Saturday p.m.

Quite a few Burlington folks were in Cameron Friday for the Christmas parade and drawing.

The cold spell finally came. Burlington folks were disappointed that it brought no rain.

Rev. La Verne Thompson filled his regular appointment Sunday at the Baptist Church, also Sunday night. He and his family had dinner and supper with Mr. and Mrs. Billie Ray Benesh.

Mr. and Mrs. Henry Davenport, Sr., left Monday for Marlin where Henry underwent an operation Tuesday in Torbett hospital and Clinic. His many friends are hoping he may soon be well.

Mr. and Mrs. Frank Rogers, George Logan, Sr., and Mr. and Mrs. Herman Schulz, attended funeral services Sunday afternoon at Calvert for Mr. William Bailey and burial services at Little River Cemetery.

There were 13 at prayer meeting Wednesday night and 13 at Teachers and Officers meeting under the leadership of Rev. La Verne Thompson. Preparations are going ahead nicely for the Christmas Tree and program under leadership of Mrs. L. Thompson and helpers.

Mr. and Mrs. Eugene Faulkner and son, Michael, of La Marque, spent a few days here recently with their parents and grandparents, Mr. and Mrs. Bill Faulkner.

Mrs. Charlie Litzman entertained the 42 Club at her home Tuesday. After games were played, delicious refreshments were passed to the good attendance present.

Mrs. Ray Schonhoeft is leaving Thursday December 13, for Linden, Kansas, where she will attend the wedding of her son, Harold Schonhoeft and Miss Donna Lee Mensch of Kansas on December 15. Mrs. Schonhoeft plans to return home around December 20. During Mrs. Schonhoeft's absence her daughter, Mrs. LeRoy Chollett will have charge of the lunch room at the Burlington public school.

Jake Futschik is in a Temple hospital as the result of a fall while working last week in Temple. His friends are hoping he may soon be well.

Three Milam Polio Victims Lacked Vaccine

Immunizations were completed in schools of Ad Hall, Sharp, Davilla, San Gabriel and Thorndale during the early part of November, and were started in Marlow, Rockdale Colored, Milano white and colored, Gause white and colored, Yarrellton, Maysfield colored and Branchville schools.

Only eight series and 22 boosters of polio vaccine were given in the Milam Health Unit Clinics during November. The number of boosters will probably increase in the near future as many children who had their two shots in the spring will return for boosters. Many parents are still indifferent or even reluctant toward this effective means of preventing polio as evidenced by the fact that less than 60 percent of children under 20 have had one or more injections.

Victims Lacked Shots

Now is a good time to complete the first two injections, says Health Director John B. Bryson, so that boosters can be given early next summer. Three children in Milam would probably not have any paralysis now if they had received their shots earlier during this year.

Communicable diseases increased in November with the onset of changeable weather.

Hansen's Disease

A doctor in West Texas reported a case of Hansen's Disease (leprosy) in a Milam resident to the Health Unit. The individual was examined by Dr. Fred C. Kluth of the State Health Department and skin scrapings made of the suspected lesions. These scrapings were examined in the U.S. Public Health Service Hospital at Carville, La., and the Texas State Health Department Laboratory but were reported negative for Hansen's germ. The individual is being sent to the University of Texas Diagnostic Clinics in Galveston for further study.

Rodent Control

Rodent Control Program was completed in Cameron and Thorndale in the first part of November. It was sponsored by the Cameron Chamber of Commerce and Thorndale City Council and conducted through cooperation of the Milam Health Unit and the U. S. Rodent Control unit.

Four hundred and fourteen business places were inspected and some 265 places poisoned with Pival. Over 300 pounds of the poison was used in addition to seven quarts of Pivalyn (liquid).

Golden Anniversary Celebrated By Hoppes

Mr. and Mrs. E. C. Hoppe were honored with an open house at their home in Thorndale Sunday afternoon, December 9, in observance of their golden wedding anniversary.

The couple's children and grandchildren were hosts for the afternoon. Friends and relatives called between three and five o'clock.

Trees, Brush Costly

Have you ever stopped to think how much undesirable trees and brush in the farm fence rows cost?

A study made last year on a Texas farm, says A. H. Walker, extension range specialist, showed that a single large mesquite tree cost one farmer $9.10. He lost the production from one-sixth acre. Local county agents can furnish information on how fence rows can be cleaned efficiently and economically.

"Real Deal" In Scoutmastering Set For Tahuaya

Scoutmasters, assistants and troop committeemen will be held Saturday afternoon, December 15, 2:30 p.m. at Camp Tahuaya.

J. H. Baugh, District Commissioner and W. D. Essasy, Scoutmaster Trainer ask that all come early Saturday and fish or wander around the camp. It will not be an over night affair and they ask each to bring a sack lunch.

This is a brand new basic training course, they add, so even if you have taken the old course come out and help make this a "Real Deal."

Underground Pipe

Irrigation farmers in the High Plains area of Texas now have 2,532 miles of underground concrete pipe in use on their farms. Last year they added 710 miles, reports George L. Black, Jr., associate county agent-irrigation, at Lubbock.

Such installations, said Black, are long-lasting, save water by eliminating evaporation and ditch seepage, cut labor costs and make possible better water distribution on the farm.

Severe Skin Burns

Recently made field observations have shown that the use of some insecticides directly on the skin of poultry is causing severe skin burning and discoloration, reports Kermit Schlamb, extension poultry marketing specialist.

Extension entomologists do not recommend spraying any chlorinated hydrocarbon directly on poultry.

Cattle Test Report

Results of the 14th annual beef cattle performance and progeny test at the Balmorhea substation of the Texas Agricultural Experiment Station have been released in Progress Report 1899.

It is available from the Agricultural Information Office, College Station, Texas.

Fireproof Xmas Tree

This reminder from the Texas Farm and Ranch Safety Council .. fireproof the family Christmas tree by keeping its base in water; by using nonflammable decorations; by not using candles on or near the tree and by placing the tree away from heating units.

Too, they say, make sure lights, sockets and wiring are in top condition. Don't spoil Christmas by having an accident in the home.

Mesdames Ora Griffin, Velma Dobbs, Ida Ford and Jennie Barrett were Thursday afternoon visitors in the C. B. Leonard home.

Mrs. Deloris Reisinger is visiting Mrs. Effie Smith at South Elm.

News From Sharp

MRS. FLORENCE SPIEGEL

The Presbyterian Ladies Auxiliary held the last meeting of the year in the educational building Thursday afternoon.

Mrs. Charlie Duncan led the program, "The Whole Church." The Devotional was given by Mrs. Jim Cryer.

Mrs. Fred L. Powers, the president for the past year, installed the new officers who are Miss Agnes Rinn, president; Mrs. Charlie Duncan, vice president; Miss Norma Rinn, secretary; and Mrs. George Gamble, treasurer.

After a short program a Christmas party was given for Mrs. Powers.

Mr. and Mrs. Alvin J. Rinn spent the past week visiting Mrs. Rinn's brother, John Raby in Houston, and sister, Mrs. Hugh Brown in Port Arthur. They also visited in the home of Mrs. Rinn's niece, Mrs. Bob Richardson, formerly Miss Carolyn Brown.

Mr. and Mrs. L. N. McDonald had as weekend guests their grand daughter, Maclyn Boeker of Port Lavaca, and their nephew and family, Mr. and Mrs. David White and daughter, Darlyn of New Braunsfels.

Mr. and Mrs. H. F. Lange and son, Siefried Wolle will spent the weekend with their son and daughter-in-law, Mr. and Mrs. Lawless Wolle in Heidenheimer.

Mr. and Mrs. Oscar Meech shopped in Cameron on Wednesday.

Harry Harris of Rockdale was a business visitor in Sharp on Friday.

Milam Senior Students Hear Of Service Duty

All nine Milam County high schools have been contacted and meetings scheduled with Senior boys. To date, eight successful meetings have been held with Aycock, Rockdale; Rockdale High Milano, Buckholts and Thorndale High, Sharp High, Yoe High in Cameron and Branchville High Schools. The last meeting will be held with O. J. Thomas High School in Cameron on Friday. The board found these young men to be very attentive and receptive and eager to know more about Selective Service regulations and operations. The meetings consist of a thirty minute explanation and a thirty minute question period.

The Local Board office will be closed on December 24 and December 25 for Christmas. Young men may contact Registrars for the purpose of registering, or may report to the office on December 26.

Farm Deferments

Young men may qualify for consideration for farm deferment, and may be found qualified for the deferment, provided there is a request from the registrant himself or his employer, or both, and that there is evidence in his file to indicate that he is producing substantial quantities of those agricultural products necessary to the national health, maintenance and welfare. The Agricultural Stabilization and Conservation County Committees makes reports to the board regarding a registrant's farming operations at the request of the registrant. In addition to the requirement that the registrant must be producing necessary products in substantial quantities, he must also be found to be irreplaceable, to be a full time farm worker and evidence that his induction would cause a material loss of effectiveness to that particular farm operation. Every request for farm deferment is considered on an individual basis.

College students desiring to make application to take the April college qualification test, may come by the office for the necessary application forms and bulletons of information.

Santa Solves Holiday Home Entertainment Needs

So many millions of Americans own movie cameras today and show films of their kids and vacation jaunts that Christmas in these homes presents no gift problem. A wide selection of entertainment movies exclusively for home use is available today and while many of these films are particularly appealing and amusing to young children they also have just as much interest for dad and mom, thus enlivening the happy holidays for the entire family.

Camera dealers and department stores have these entertainment movies in both 8mm and 16mm film and a number of them are especially suitable for Christmas, such as "The Little Lamb", a story of a stray lamb on the first Christmas Eve, and "The Little Match Girl", one of Hans Christian Andersen's stories of love and Yuletide laughter. Boys and girls enjoy sports films, too, and in this group are "Football Parade of 1956", reviewing exciting highlights of top college games, and a baseball film starring Babe Ruth in which the great slugger shows "Little Leaguers" how to bat and pitch.

Animal comedies never fail to delight young audiences as well as grownups and one of the latest is, "Three Little Bruins Make Friends", a rollicking story of a trio of wild cubs. Another recent release is "A Dog-Gone Story", which traces the amusing adventures of a country dachshund who runs away to the city. Cartoons starring Woody Woodpecker, Andy Panda, Willie Mouse and Oswald the Rabbit are sure laugh-getters for the entire family and there are Abbott and Costello comedy subjects for all ages.

Here, in short, are unusual gift opportunities for the family possessing a movie projector. They are gifts that continue giving fun and entertainment to all members of the family throughout the year. *FNS*

Junior High Cagers Enter Tournament

Yoe Junior High School cagers will be one of the entries at the basketball tournament scheduled for January 17, 18 and 19 at Travis Junior High School in Temple.

Awards will be presented to championship, runner-up and consolation teams. A sportsmanship award will also be made as will individual awards to the six members of the all-star team. The coach of the championship team will receive an award in this tournament.

Students eligible for this tournament must be in either the seventh, eighth or ninth grade, must not be repeating a grade and must not have been 16 before May 1, 1956.

Announcement of Yoe cagers in this tournament was announced by Dick Young, principal of Yoe High School, last Friday, December 7.

Navy Courtesy

Traditional Navy Courtesy of "piping" important visitors over the side of the ship was inherited from the British Navy when commanders visited one another at sea.

Frequently, the weather would be too rough to use the gangway, so the visiting officer would be hoisted up the ship's side in a net or a basket. The Officer of the Deck would summon several members of the crew to assist the visitor in making a safe landing.

If the officer were young, he would be agile enough to get along with only two helpers. But if a visitor were older, he would be assisted by four to eight helpers, according to rank (and, no doubt, weight.)

LITTLE RIVER PHILOSOPHER CLAIMS HIS CATTLE DEAL TURNED OUT LIKE ENGLAND'S SUEZ CANAL ADVENTURE.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River is confusing a local problem with an international one, his letter this week indicates.

Dear editar:

I read in the paper the other day where England, having spent a lot of money invading Egypt to protect the Suez Canal and winding up with the canal blocked and its money wasted, is asking the United States to postpone the next interest payment on its loan from this country, in the amount of around $70,000,000.

I know exactly the shape England's in, and I can tell you it's not comfortable.

While I never have spent any money on a canal, I've spent money on practically everything else at one time or another. I can report when you take on a money venture on borrowed capital and the thing doesn't turn out right, you can have a lot more respect for the feelings of me and England both.

Of course, I figured England was smarter than me, but I should have known better, as the more I learn about big outfits, the more I discover that frequently the difference between a little man and a big one is that the big one just owes more money on a bigger scale.

I understand the United States is looking favorably on England's plea to postpone the interest payment and I want you to know I'm in favor of it, provided the U. S. will save some of this favorable attitude for me and my situation.

I have some taxes coming due before long and I would like to call attention to the fact I invested in some cattle a while back and to put it in international language they turned out about like the Suez Canal. As I understand it, England captured the canal, but found it blocked with 49 sunken ships and out of commission for six months to a year, with the British winding up controlling the sand along the sides, and I can report my cattle venture wound up with me having control of a few barbwire fences sagging between posts and a pasture that was producing about as much grass as the desert sands along the Suez Canal.

My question is, do you suppose there would be any way to get a small paragraph added to the agreement postponing England's interest payment to include postponing my taxes?

I'll promise to pay them later on, or at the same time England gets around to paying the interest on her loan, which I figure will give me considerable breathing time.

Yours faithfully,
J. A.

From where I sit ... *by* Joe Marsh

Just Call Me Cupid

The counter down at Pete's was full yesterday, except for three seats near the end, so I plunked myself down on the middle one.

As I took my first sip of coffee a cute young couple came in—a girl in her early twenties followed by a fellow perhaps a year or two older. Without saying a word, they took the only two seats left—on either side of me.

Remembering *my* younger days, I *insisted* the young man take my seat so's they could be together. He hesitated at first, then finally he shrugged, grinned and said to the girl, "Well, let's make him happy. My name's 'Ricky'. What's yours?"

From where I sit, there was no harm done that time, but *jumping to conclusions* can be embarrassing. In fact, it's sometimes mean and intolerant—like the way some folks jump to the conclusion a man's "wrong" to prefer a glass of beer over another beverage. Lack of facts *coupled* with lack of judgment *introduces* trouble.

If you think it looks new... wait till you drive it!

...For there's where Ford's newness really pays off
...in melting mountains...in smoothing the bumps
...in straightening the curves

You can *see* that Ford's longer, lower Sculptured Look makes other cars look downright old-fashioned. But the part you can't see—the new "Inner Ford"—is what shows its stuff when you *drive* a Ford. It's revolutionary from the wheels up! And it *feels* it.

Ford's wider frame lets you sit sweet and low. And Ford's new front suspension, rear springs and new easy handling are part of the scheme to make you think every road is cloud-smooth.

The magic touch of the new Ford power plants makes mountains disappear. What *looks* like uphill *feels* like downhill. You get this surging power in a wide choice of Silver Anniversary V-8 engines. Or choose Ford's Mileage Maker Six, the most powerful Six in the low-price field.

There's magic in Ford's price tag, too! You won't believe this big new Ford is still priced Ford-low. But it is. Come in and test its magic. It's a real "Wizard of Ah-h-h-h's!"

MODERN HOMEMAKING

RECIPES . . . HOUSEHOLD HELPS

By Julia Hunter
HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

Christmas calls for cookies. They make ideal gifts, a welcome dessert for holiday meals and, with coffee, they come in handy as quick snacks for friends who drop in to say "Merry Christmas". Cookies and the making of them are a traditional Christmas treat. Here are some tips to help in your cookie baking pursuits.

There's no need to rub the baking sheet with shortening unless the recipe says you should. Except for bar cookies, always use a straight flat baking sheet small enough to allow circulation of air within the oven. Pans with deep sides prevent proper browning. Pans that touch the sides or back of the oven cause over-browning on the sides and under-browning in the center.

Baking sheets should be bright and shiny to prevent excess browning of cookie bottoms. If you don't have a baking sheet with no sides or very low sides, invert a pie or cake pan and bake on the bottom.

Cookie cutters add to the appearance of rolled cookies. For the unusual, cut stiff cardboard to desired shapes, place on rolled out dough and trace around with sharp point of knife. The open end of a tin can makes a fine cookie cutter and the can may be used later as a sturdy mailing container for the finished cookies.

Keep cookies uniform in size and thickness so they will bake evenly. With drop cookies, heap teaspoons to the same height each time. Bake two inches apart on cookie sheet. Time cookies accurately by using the automatic timer on your range or an alarm clock. Do not wash cookie sheets between batches of the same cooking. Scrape them clean and wipe with paper towel. To test for doneness, press finger lightly on bars and squares (as for cake). If no impression is left, they are done. Crisp cookies are done when they are delicately browned.

Store bar cookies in a tightly covered container or in the pan in which they are baked. (Cover the pan tightly with foil or waxed paper.) Store crisp cookies in loosely covered container. If they absorb mositure from the air, crisp them in a slow oven (300 degrees F.) about 5 minutes. Soft cookies should be stored in tightly covered container. A slice of apple stored with soft cookies will keep them moist.

To freeze bar cookies, arrange bars on waxed paper or cardboard. Place in freezer bag; seal; freeze. Or wrap in freezer wrap; seal; freeze. Allow 15 minutes for thawing. To freeze other cookies, pack carefully in freezer boxes or freezer bags. Seal; freeze. Allow 15 minutes for thawing.

For additional free information on cookie making send a postcard to the Home Economics Department, Lone Star Gas Company, Room 601 at 301 South Harwood, Dallas 1, Texas.

RECIPE OF THE WEEK

Fruit Cake Cookies: Cream ¼-cup butter or margarine. Add, craming well, ½-cup brown sugar one-third cup jelly. Add, mixing well, 2 eggs. Combine, stirring until soda is dissolved, add to creamed mixture 2 teaspoons soda, ¼-cup milk. Sift together 1 cup sifted flour, ½-teaspoon all spice, ½-teaspoon nutmeg, ½-teaspoon cloves, ½-teaspoon cinnamon. Add sifted dry ingredients to creamed mixture gradually, mixing well. Chop coarsely ½-pound citron, ½-pound candied cherries, ½-pound candied pineapple, 1 pound raisins, 1 pound pecans. Dredge fruits and nuts in ½-cup sifted flour. Add fruits and nuts to batter, mixing well. Drop by teaspoon on greased and floured baking sheet. Decorate cookies with candied cherries. Bake in low oven (300 degrees F.) 30 to 40 minutes. Yields approximately 6 dozen. Cookies keep indefinitely and ripen in storage as fruit cake does.

Cameron Marine In "Agley" California Amphib Raid

Cpl. Daniel L. Hejl, son of Mr. and Mrs. J. C. Hejl of 1501 N. Travis St., Cameron, participated in a major amphibious landing exercise (AGLEX-57G) during November 28 - December 6 at Camp Pendleton, Calif.

Highlight of "AGLEX" was the first use of large seaplanes by combat forces in regular training maneuvers. The seaplane, known as the R3Y, loads combat troops and equipment from the bow.

It was used to transport men from the 1st Marine Division's 5th Regiment in a raid and destruction mission against "enemy" installations on the Salton Sea, located in the Imperial Valley near Brawley, Calif.

Other features of the exercise included a combined land, sea and air assault on "aggressor" territory at Camp Pendleton on D-Day, December 3.

The attack was accomplished through a conventional amphibious landing, a helicopter-borne troop assault launched from aircraft carriers, and Marine jets flying close air support.

Shaping of a waterway in preparation for sodding to bermuda grass has been recently completed on the farm of George Simcik, cooperator with the Little River - San Gabriel Soil Conservation District. Simcik farm is located in the Alligator Community, six miles east and south of Bartlett, Texas. A maintainer was employed to complete the shaping work.

Simcik located the waterway in connection with natural drainage areas of the farm and plans utilization of same as permanent pasture. Terraces will be constructed on that portion of the farm cropland that is now being damaged through sheet and gully erosion. The terraces will be installed as soon as waterways are established to an erosion controlling cover of bermuda grass. Contour tillage, management of crop residues on and near the soil surface, fertilization and rotation of crops to provide cover crop acreages will also be employed by Simcik to further assist in erosion control, and soil improvement.

Helicopter Carrier

U. S. Navy's first helicopter assault aircraft carrier has been commissioned at the San Francisco Naval Shipyard.

With close support fire from Navy ships and carrier-based aircraft, the helicopters can be loaded with combat troops to fly over enemy defenses and seize critical points which dominate the landing area.

Texas Farm Queen Returns From Miami

Joann Vaughn, a lovely, hazel-eyed brunette from Tulia in the Texas Panhandle, had the most exciting trip of her life this week. She and her mother, Mrs. Marshall Vaughn, attended the 38th annual convention of the American Farm Bureau Federation December 9-13 in Miami Beach, Fla.

The 17-year-old high school senior received $500 to make the trip when she was selected 1956 Texas Farm Bureau Queen November 12 at the TFB annual meeting in Houston.

In high school Joann is a member of the Thespians and Future Teachers of America. She is a majorette and also plays clarinet with the Tulia High School band. After graduation she plans to major in elementary education at West Texas State College at Canyon.

Dipping The Flag

Dipping the flag in salute aboard ships goes way back in navy history.

Originally, a merchantman on meeting a warship was supposed to shorten her sail to indicate that she was a peaceful vessel on an honest voyage. This often caused much delay by slowing down the ship, so the rule of only dipping the ensign was substituted.

ALL THE OTHERS SIMPLY PROVE . . .

The '57 Pontiac is America's Number (1) Road Car!

Months ago, Pontiac set its '57 sights on producing an engineering classic—the greatest road car in automotive history! How well did they succeed? One answer is pictured here, the all-new '57 Pontiac itself, a car so advanced in concept that other new cars merely emphasize its outstanding design, its brilliant array of first-time features! The other answer is the public's response to this road-ruling beauty. From every quarter of the nation has come wave after wave of confirming praise. Praise for Pontiac's styling—its crisp, colorful lines and flowing contours that accent beauty built in, not hung on! Praise for new Level-Line Ride—the advanced suspension system that cradles you in cloud-soft comfort. Praise for Pontiac's ease of handling! Praise for the brisk and eager response of its all-new Strato-Streak V-8 engine! And underlying this tremendous voice of approval is the confidence felt in a car which has undergone the greatest road test in history . . . Pontiac's grueling 100,000-Mile Marathon Run! Yes, this year it's Pontiac all the way! Come in and see it! Come take the wheel of America's No. 1 Road Car!

Cameron Splits Tourney Games

Cameron Yoemen eliminated Rosebud from the Belton High School invitational tournament by a score of 37-31 early Friday afternoon, December 7. The Yoe cagers were themselves defeated in their second game played that night. Their loss was to McGregor by a score of 54-32.

In the Cameron-Rosebud game, Charles Baring of the Yoe cagers was high point man with 16 while Rosebud's James was second with 11 tallies. Other scorers on the Yoe squad were Gene Hillman, 8; Arthur Marak, 6; Ray Green, 4, and John Solomon, 3. Only Yoe player seeing action in the game but failing to make a tally was Bobby Elliott.

Rosebud scorers other than James in the initial tournament match for the two Milam County schools were Newby and E. Swanzy with 6 points each; Clyde James, 5; Kessler, 2, and John Allen, 1. Panthers fouling in the contest were Clyde James with 4, Allen, 2, and Guard James 1. Other Rosebud players suited out for their only game in the tournament but failing to see action were B. Swanzy, Spivey, Borden and Sitz.

Fouls committed by Yoe players in the game were Marak, 2; Green, 3; Hillman, 1; Elliott, 2, and Solomon, 3. Green and Solomon also received one technical foul each during the game.

During their second game in the tournament, Marak and Hillman each collected 11 points to be high point men on the Yoe team. However, McGregor's Bond and Stone accounted for 24 and 16 points respectively to be high scorers of the game.

Green and Elliott with 5 points each were the only other Yoemen to collect tallies in their final game of the tournament. However, both Baring and Solomon saw action in the contest. Fouls by Yoe thinly clads were marked up by Marak, 2; Green, 4; Hillman, 4; Elliott, 1, and Baring 1. Their total of 11 fouls compares with 10 by the McGregor five.

Cameron players on deck for action but failing to get into play were Dwayne Jekel, Lee Hollas, Joe Gerick and Make McDermott.

Episcopal Rectory Blessing; Open House To Be Sunday

Sunday, December 15, has been set by the women of All Saints Episcopal Church and the Rev. and Mrs. Richard J. Bradshaw as the date for inviting all members and friends of the church to visit the new rectory at 802 E. 8th Street.

During construction of the house, says Rev. Bradshaw, many people expressed interest and a desire to see the finished product and added "though we have just moved in, and the interior decorating has not been completed, we feel there is no time like the present to let all share in the joy of our blessings."

Acting as co-hostesses for the church's activities in blessing the rectory by the Rt. Rev. John E. Hines, Bishop of the Diocese of Texas, at 8:30 p.m. and the open house to follow will be ladies of the church.

The new rectory, said Rev. Bradshaw, is symbolic of the faith which the Bishop has in the church in this community.

Blessing of the house and the following open house will honor those confirmed by Bishop Hines at 7:30 p.m. at the church and also the Bishop.

St. Anthony's 4-H Club Holds Meeting

St. Anthony's 4-H Club met Friday, December 7, in the Simon-George Hall at 12:30 p.m. The meeting was called to order by President Ronald Litzman.

The procedure of how to carry on a meeting following rules of parliamentary procedure were discussed. The group made tenative plans for a sign welcoming visitors to Cameron.

Mr. Byrd club leader pointed out important points when handling a gun. A small leaflet was given to each member on the "10 commandments of Safety". A loaded gun should never be kept within reach of careless adults and children, should be treated with respect and should not be carried into a building. It should be carried to hunting areas in a case. A gun barrel should be kept free from obstructions and never pointed at anything but what you want to shoot. Always be sure of your target and do not shoot a bullet at a hard flat surface or the surface of water. Always carry your gun with control and avoid alcholic drinks before or during shooting.

These things are to be made a habit when hunting in order to keep shooting a safe sport.

Plans were made for a Christmas party on December 17. The members present drew names to whom they are to give a small gift.

Fifteen members were present plus one new member, Thomas Johnson.

Garner Circle Plans Saturday Bake Sale

Saturday, December 15, has been set as the date of a bake sale by the Garner Circle of the Women's Society of Christian Service of the Methodist Church.

Ladies of the circle set 9:30 a.m. in front of the Cameron Theater as the time and place for the annual bake sale.

Lady Luck Rides Against Yoemen

Lady Luck was riding against Yoe High School cagers last Tuesday night as Coach Jim Speer's "A" squad was nosed out 54-43 and Coach Murphy Webster's "B" team lost 40-21 to invading Rockdale Tigers in Yoe Gymnasium.

In the feature game of the evening, the Yoemen opened up by going out in front until the waning seconds of the first period when the Tigers closed the quarter with a score of 12-11. Cameron thinly clads fell further behind as the half came to a close with a score of 30-18 but before the end of the third period, they closed up the score, trailing by 39-33 and with only two minutes and 37 seconds remaining the game, they were only two field goals behind.

In those last moments, however, the Rockdale team began hitting the bucket with accuracy and took the game by an 11-point margin. High scorer in the game was Timmerman of Rockdale with 20 points while Arthur Marak of the Yoemen was second with 13 tallies.

Other Yoemen pushed Marak for high honors on the Cameron squad as Gene Hillman racked up 11 points and Charles Baring collected 10. Ray Green, Bobby Elliott and John Solomon each accounted for 3 points. Marak was the only player to foul out during the game although Yoeman Hillman and Kirkpatrick and Robinson of the Rockdale team each fouled four times.

In the preliminary game, Gerick of the Cameron team tied with White of Rockdale for second place honors in the scoring department with 10 points each. High scorer of the game was Birchfield of the Tiger team.

Other Yoe "B" team scorers were L. Hollas, 6; Maraz, 3, and Folschinsky, 2. Coach Webster sent 12 of his 19 uniformed men into the game. Playing besides those racking up tallies were Fontaine, Zarosky, McKissack, Newton, Josey, Young, Jekel and Dodson.

INTRODUCING: Patti Ann Middleton born November 30 in a Palacios hospital to Mr. and Mrs. Cecil Middleton, Jr.

Grandparents are Mrs. Cecil Middleton, Sr., of Rockdale and Mr. and Mrs. L. N. McDonald of Sharp.

FHA Members Attend Meeting

FHA members of Yoe High School left at 8 a.m. Saturday for Rockdale to attend the District II, Area 8 meeting.

Registration started at 8 a.m. and lasted until 9 a.m. The theme of the meeting was "Widen Your Horizons". The opening ritual was led by Judy Hardison of Teague president of District II. Greetings were given by J. M. Moorman, superintendent of the Rockdale school, Ginger Harris, president of the Rockdale FHA chapter, and Mrs. Hannah Hoff Brown, area advisor. Over 200 members answered the roll call.

Election of officers was the most important part of the meeting. A state officer, five area officers, a complete staff of district officers, an honorary member and three girls for the state choir were elected.

President is Ginger Harris of Rockdale. Mary Ellen Richter of the Yoe High Chapter was elected fourth vice president. These girls are officers of District II, Area B.

Rev. Harold Spann of Fairfield was the guest speaker. He told everyone he thought the role of motherhood is the most important career in the world and that working for her family is the best way to show her love for her family. His inspirational was based on "Widen Your Horizons".

Those from Cameron attending the meeting were Mary Ellen Richter, Marye Horstmann, Gloria Harber, Rita Ried, Mary Vogelsang, Albina and Geri Kolodajcak, Seraphine Wohleb, Marie Mueck, Mary Lesikar, Barbara Hollas, Mary Alice Duncan, Patricia Nesbit, Glenda Grisham, Johnnie Matthews, Nancy Buchanan, Beverly Rice, Barbara Schattle, Delores Zalesky, Kay Pernice, Genevieve Kostrun, Patricia Yanek, Norma Jean Rummel, Buelah Malone and Mary Sue Shumate.

Jets Refueled In Air

Four Navy jet fighters recently were refueled simultaneously in mid-air by the 80-ton TRADEWIND in the first multiple refueling operation ever conducted by a seaplane.

The TRADEWIND carries enough fuel in its wing tanks for eight fighter planes.

Shallow Water Diving

The shallow water diving rig worn by Navy divers weighs 83 pounds. Instead of a helmet the diver wears only a face mask. His belt and suit are much lighter.

He wears no shoes because his suit has thick rubber feet in them. This rig is worn when diving no deeper than 40 feet.

Submarine PERMIT

Over 100,000 people have visited the Navy's historic submarine PERMIT since she has been tied up at the Philadelphia Naval Base where she has served as a training ship for reservists since 1948.

Navy Adding New Words

Naval Aviation is adding new words to our vocabulary.

"Transonic" means through the speed of sound; "hypersonic" is a convenient way of indicating very high supersonic speeds.

Boston is nearer Europe than any other American city.

"Fan," meaning an enthusiast, comes from the word "fanatic."

Legible Addressing Assures Better Christmas Package Delivery

Addresses marked on gifts with a felt-tip pen are colorful, clearly visible and quickly read and appreciated by postal employees, assuring that your packages will reach their destinations on time.

Long a favorite with teachers, artists, store and office clerks, and businessmen, this felt-tip pen, called the "Flo-master," is ideally suited for writing, marking and drawing in the home. This versatile pen can write on *any* material . . . glass, wood, paper, metals, plastics, porcelain, cloth, rubber, etc.

Housewives can use felt-tip pens to address parcel post packages . . . write children's names on the inside of their boots and rubbers . . . identify contents of home-frozen food packages . . . mark boxes for storage . . . label preserves . . . mark linen and clothes . . . and put names on birthday gifts and party favors.

Their husbands use felt-tip pens for marking window screens and storm windows . . . marking hardware storage containers . . . initialing personal property, tools, etc. . . . marking maps . . . making business signs, charts or graphs . . . laying out do-it-yourself projects . . . color-coding pipes and house wiring . . . and a multitude of other uses.

Although you can use any one of eight colors (including black) that are available for this type of pen, it is suggested that you get a separate pen for each color that you expect to use—to avoid the necessity of cleaning before each color change.

Made of chrome-plated brass, and furnished with four interchangeable felt tips for different width lines, this felt-tip pen is a handy, useful household and workshop article. Available at stationery stores everywhere.
